

# 1992-1995

---

The following list of work was completed as an Architectural Intern at Soderstrom Architects, P.C. The work primarily centered on architectural job captain duties including pre-design, construction document preparation, code research, specification writing, construction management and planning. Computer and CADD systems management, studying for architectural licensure and facilities support for BPA, Kaiser and Fred Meyers characterize the time spent at Soderstrom Architects.
